11a. Describe your progress meeting each major activity/milestone approved in the Baseline Report for this project; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project milestones or information.

The highlight of the quarter is the announcement of AT&T as the partner to build, deploy and maintain the FirstNet NPSBN. We continue to monitor activity after the FirstNet announcement. The FirstNet partner (Vendor) selection/award: http://urgentcomm.com/public-safety-broadbandfirstnet/it-s-official-att-awarded-historic-firstnet-contract Secretary Ross's Announcement Regarding Dedicated Public Safety Public Safety Broadband Network: Video: https://youtu.be/3peDGqgWrp0 Looking at the current coverage maps AT&T has provided us, we feel fortunate in South Dakota that FirstNet has selected them as the partner. We still have work to do but it is a great start and we will wait for the Draft Plan (Mid-June??) to see what will be actually provided. Outreach continues. Stakeholders were engaged at various events, of which included: Our SPOC testified in front of the SD Legislative Joint Committee on Appropriations. He focused on our state-wide LMR digital radio system, with a mention of FirstNet, and a lot about interoperability of Public Safety Communications. Presented on State Radio (LMR) and FirstNet during the 2017 Winter Legislative Meeting of the SD Municipal League / Police Chiefs Association. Lake Co. 911 Board meeting and Emergency Planning Committee, and State of SD NG-911 workgroup conference calls. We participated in the NASCIO Broadband Committee Meeting conference call - update was given by FirstNet Governmental Affairs (Ed Parkinson). Continue to work with NTIA on the SLIGP grant (SLIGP 2.0). We had a working call with NTIA and determined we could revert unspent funds without affecting any of our operations. FirstNet announced/delivered their Fiscal Year 2016 Annual Report to Congress. Found at: http://www.firstnet.gov/sites/default/files/FN-AnnualReport-2016_Final.pdf We had a mention on page 16 of our Tribal Tour in South Dakota. Our FirstNet State of SD annual report has been written and will be posted to the web/twitter when approved. Our governance council - the SD Public Safety Communications Council (SDPSCC) held their quarterly meeting. We provided them a short update, as the FirstNet discussion was around the lawsuit and options related to that. Again told them to start thinking about how their agencies utilize LTE capabilities today. We continue to discuss the State Plan Evaluation Process. We are being contacted by many consultants wanting to assist us – if needed. Our education and outreach materials include, emails, handouts, Twitter (tweets/followers/impressions), Facebook (posts/likes), website sessions. The vast majority of outreach materials distributed are via Twitter impressions as Twitter continues to be the most engaged method for us. The twitter impressions had major growth in March as twitter was very active at the IWCE (International Wireless Communications Expo) conference and all events surrounding FirstNet keynote address, town hall sessions and the announcement of the award.
